ADAR RED

Best medium to large red early summer apple. Extra fine eating and cooking, also shapely. Ripens later part of July and first of August at a time when no other red apples are on the market. Extra good coloring makes good marketing. Trees bears young and are heavy bearers. We have an orchard of this variety and can highly recommend them.

ARKANSAS BLACK

Very dark red, almost black. Winter. First crop, juicy, especially fine flavor. Extra good baking apple. Good keeper. Large fruit, vigorous grower.

BEN DAVIS

Thrift growing tree. Fruit large round, red skinned. Good for cooking and shipping. Winter.

BLACK BEN DAVIS

Dark red, almost black. A vigorous winter, early, pinkish, better. Fruit more oblong shape than Ben Davis. Winter.

EARLY HARVEST

Large, medium size, flattened round, good for eating and cooking. A healthy good bearer. But for its thrifty grower, as some light varieties.

GRIMES GOLDEN

3 favorite autumn yellow. The flavor is good, extra well for a good keeper eating apple.

JONATHAN

Well known, proven successful apple is a special favorite as a commercial apple as well as home use. A sure heavy bearer. Medium size, well shaped, solid red. Bears young. Autumn.

MAIDEN BLUSH

Large, blush on yellow. Rather flat shape. An excellent late summer home use apple. August.

MAMMOTH BLACK TWIG

Very large, deep to dark red. A good commercial grower, trees vigorous and young bearers. A special favorite for a good keeping winter apple for eating and cooking.

RED ASTRACHAN

A hardy thrifty growing tree. Fruit is medium to large red striped. Summer.

DELICIOUS

Extra large, high quality and a very delicious flavor. Beautiful red, pitted skin. Good home use and commercial. Trees are vigorous and bear young. We believe no home orchard is complete without a few Delicious.

RED JUNE

Medium small, shiny red, excellent flavor, eating and cooking apple. Ripens early summer just after Early Harvest.

STAYMAN WINESAP

Those who like a juicy Winesap apple will be delighted with this apple. Fruit large deep red, an extra good keeper. Trees good bearers. Winter.

SWEET BOUGH

Greenish yellow. Fruit quite large, juicy and sweet. This is the leading sweet apple. Ripens mid-summer.

WEALTHY

Medium to large, red striped. A widely known variety for successful marketing value. Trees bear early and excellent cropper. Fruit good flavor for eating and all home uses.

WINESAP

This is the old well known juicy Winesap apple which is always a favorite for storing for winter use, a good cake apple. Keeps well. Fruit medium size, solid red color. Trees hardy, a good dependable bearer.

YELLOW DELICIOUS

Fruit extra large, delicious flavor. Trees bear young. Ripens autumn.

YELLOW TRANSPARENT

Preferred by many to be the best early apple from bright yellow with whitish skin when ripe. Ripens early summer. One of the best home use apples for cooking and eating.

CRAB APPLES

We suggest planting a crab or two in your home orchard or back yard as they are very attractive as well as valuable for fruit.

RED SIBERIAN CRAB

Fruit small, bright yellow with red cheek, becoming nearly entirely red if allowed to ripen on tree for some time. Fruit hangs on tree well. Excellent for juice, jellies, preserves and especially for pickling.

FLORENCE

Fruit is small, setting on in clusters. Golden yellow with light red blush nearly covering. The trees are rather small but very attractive. Bear young and abundantly.

SPECIAL PRICES ON SMALL TREES
